Facilitators' Descriptions for MVUU Partners or At-large Agencies

To nominate a Partnering or an At-Large Agency, the JCC asks the nominator to assume the following responsibilities for the agency and, preferably, to attend our monthly meeting (or choose a representative to report for them):

1. Understand the objectives and work of the Agency being nominated and be willing to share with members of MVUU/UUJAZ why it is important.
2. Obtain and schedule the speaker from the agency for the first Sunday of the month assigned to that charity—if Partner, 2 Woven Baskets a church year, or 1 Woven Basket for At-large agencies—in which the group is featured, for example, the President, another key officer, or volunteer coordinator of the organization who would speak for only 3 to 5 minutes at most.
3. For Partners and for At-large agencies, provide a different "tagline" (1-2 sentences only) to the Coordinator of the JCC, who will convey the information to the Practice Associates, for subsequent Sundays of the month.
4. Additional responsibilities for Partnering Agencies may be undertaken as Facilitators seek and feel some deeper connection to the agency. Examples are available from Debbie Gessaman (deb.gessaman@gmail.com).

If you are familiar with a non-profit agency that you think is a good match with the concepts above, and are willing to accept the responsibilities as a Facilitator, we encourage you to nominate that (501c 3) organization to be either a Partnering Agency or an At-Large agency, depending on the JCC's need(s) at the time.
